| Ronak Parmar | Coding, Testing |
| Fenil Patel | Coding, Testing |
| Harsh Patel | Designin |
| Het Sarvaiya | Coding |

Total Time Spent till Now:

- 32 hours

Estimated Remaining Time:

- 33 - 38 hours

Status with respect to the project management report and reasons if Delayed:

- As per planned

Problem Faced Related to the Project:

- Find difficulty while using PowerDesigner software to make a DFD model in it.
- While working on the team project there are a lot of ideas but some of the ideas are going out of track. We manage to summarize all ideas and bring them back on track.
- Faced too many challenges while building a website, got confused in code and implementation of the website.

- Since a high number of applications are out there for the same topic, finding some out-of-the-box characteristics was challenging for us.
- There is little confusion to understand Profile Diagramme and it was little tricky to implement.
- In the web development we were not able to connect the database with proper manner.
